

Adding Value to Multinational Companies Worldwide

At Calvetti Ferguson, we are dedicated to providing quality tax, accounting, auditing and consulting services to private and public companies with global operations. Our vast knowledge of accounting principles used in foreign jurisdictions and expertise in International Financial Reporting Standards (IFRS) ensure clients benefit from a partner that is fully prepared to help capitalize on opportunities. And, unlike other firms, our partners have been in your shoes. Their backgrounds as Controllers, Vice Presidents of Finance, Tax Directors and Chief Financial Officers of multinational companies, give us a unique perspective to understand your business issues.

Drawing on a Global Network

An independent member firm of PrimeGlobal, Calvetti Ferguson has conducted business in every continent around the globe with the exception of Antarctica. Membership in this prestigious association of independent accounting firms enables us to serve the multinational needs of our clients throughout the world with local resources, while still providing personal service and individual attention that add value at every step in the process.

CALVETTI FERGUSON HIGHLIGHTS

From stateside to the other side of the world, we are well versed in International Financial Reporting Standards (IFRS), and bring extensive experience in successfully dealing with tax rules, accounting guidelines and deal structures internationally.
