

With more than 30 years of experience working with real estate & construction companies, we are uniquely positioned to provide our clients with a level of service they should expect from their CPA firm. We understand the blueprint of the real estate & construction industry and because of that we can provide the best path to solutions that give you a competitive advantage. Our clients include general contractors, specialty subcontractors, utility contractors, real estate developers and service organizations.

We understand the shift in trends among the real estate & construction industry and serve those companies across the entire supply chain. Our real estate & construction clients are involved in both commercial and home development. Calvetti Ferguson's real estate & construction practice pulls from the resources of an extensive network in Texas as well as the expansive network through PrimeGlobal.

Our mission is to be the best accounting firm for energy, real estate & construction, healthcare and multinational companies in the middle market.

#### CALVETTI FERGUSON HIGHLIGHTS

Whether it is complex tax issues or a new business venture, Calvetti Ferguson goes further than fundamental accounting services to eliminate hurdles, identify opportunities and ensure the best for your business. We bring deep industry experience to solve the most intricate challenges and add value by linking clients with business development connections through our network of resources.
